

Name: Sadre Alam

Position: Head Application Engineer

Email: nousadalam@gmail.com

Linkdin: <https://www.linkedin.com/in/alam-068232168>

Orchid id: - <https://orcid.org/0009-0002-3723-8197>

Academic Qualification: B.Tech In Mechanical Engineering (LE) Intellectual Institute of Management & Technology (IIMT)

Diploma in Mechanical Engineering, 2010 Prince Institute of Innovative Technology, Greater Noida

Area of Expertise:

3D Printing Expertise: Skilled in operating and maintaining advanced printers such as MJP, NextDent, Form labs, and Union Tech to ensure high-quality output.

Technical Problem Solving: Quick at identifying and fixing machine issues to reduce downtime and keep production on track.

CAD Design & Programming: Proficient in NX CAD/CAM for designing, modeling, and creating accurate prototypes.

Sales &Marketing: Experienced in developing and executing strategies to boost customer reach and meet sales targets.

Communication & Organization: Strong communication skills with the ability to manage multiple projects efficiently and work well with teams and clients.

Reverse Engineering: Capable of analyzing and reconstructing existing components using Geomagic Design X Software for product improvement.

Training and Development: Experienced in training staff on CAD software, helping them become proficient in printer operation and design.
