To,

The Managing Director,
AMTRON,
Government of Assam,
Guwahati

**SUBJECT: 5G HEALTH USE CASES DEPLOYED IN OPD OF COMMUNITY
HEALTH DEPARTMENT, SAFDARJUNG HOSPITAL**

**REF: PROJECT FUNDED BY NEC, MDONER, GOVT OF INDIA – 5G USE CASE
APPLICATIONS IN NER WITH HUB AT AMTRON, GUWAHATI**

Sir,

This is to state that M/s AMTRON, a PSU of the Assam Government which has a MoU with our institution has deployed the 5G Health Use Cases under the project 5G Use Cases in NER With Hub at AMTRON, Guwahati. Under this project, a Model 5G OPD lab has been established in our Preventive Health and Screening OPD with facilities like Mobile ECG Solution, AI-based Mobile Wound Scanning Solution, Cataract Scanning Solution, Locomotor IoT Assessment Digital Foot Scanning Solution (startup incubated in this project M/s Sneaktech Solutions Private Limited) for marketing of Digital Foot Scanning Machines for assessment of muscular-skeletal problems. These tools are great devices for scientific timebound community health screening purposes. We are sure that patients are getting benefits of such tools and our Community Medicine Department of the hospital will be scaling toward 5 G enable healthcare.

Thank you,

Yours sincerely,

Dr Jugal Kishore,

Director Professor
